\$64M

Summary:

Corporate Realty Development joined with Robins & Morton and Brasfield & Gorries as the development team for the design and construction of the 6,500-seat stadium, which includes a family fun park and picnic area. The field is adjacent to Railroad Park on 1st Avenue South. The ballpark will have a significant impact on revitalizing downtown Birmingham by supporting local businesses, creating new jobs and offering exciting entertainment options in the city.

The \$64M project broke ground on February 2, 2012 and was completed April 10, 2013, opening Day of the Birmingham Baron's 2013 season.
